An Appropriation of \$1,500 Made for the Colored Schools.

The meeting of the city council, postponed from Nov. 15, was held Friday night with a full attendance. Chairman Galbreath, of the Corporations Committee, recommended a renewal of the contracts with the City Light Co., and the Hopkinsville Water Co., upon the same terms as this year. Interest coupons 21 to 122 redeemed from the railroad bonds (\$51,000) were produced and destroyed by a committee composed of Councilmen Twyman and Clark. The consideration of the ordinance allowing an overhead crossing on 18th street by the L. & N. railroad, was made a special order for the second regular meeting in December. The final settlement with Collector H. C. Moore for 1906 taxes was postponed until the last meeting of the present council to be held Monday night, Dec. 2.

## HE KNOWS THE MEN.

Other Fiendish Crimes In Governor Patterson's Balliwick.

Dover, Tenn., Nov. 24.—The night riders who again made their appearance in this county Monday night of last week, visited several farmers on the north side of the river. The first seen of the riders was when they rode through Bumpus Mills, and it is reported that there were fifty or sixty in the "gang." They first called on John Melton, who was sick in bed. His wife told them that he could not come out. They replied that he had better crawl to the door if he could not get there any other way. Mr. Melton had been keeping an independent buyer for one or two nights, and the riders told him that he must not allow another independent buyer to stay with him. They then went to the home of Lewis Downs and instructed him not to keep any independent buyers. After leaving Downs they went in search of George Deep, but Deep saw them coming up to his gate and took to the bushes. Failing to catch Deep, they informed his wife that they would be back after him some other night. They then went to the house of J. E. Parker, on the north bank of the river, opposite this place, but Parker succeeded in getting away. Next they went to the house of Berry Wallace, an old man, about 75 years of age. Mr. Wallace opened fire on them, but does not know if he hit any one. They took Wallace out and whipped him. His back was cut in several places and they also whipped him with a tobacco stick, striking him across the back and bruising him very badly. He was also struck across his hand with a stick, breaking his hand.

Mr. Wallace was not a member of the association, but it seems that the books had been closed, and that he had made efforts to join, but could not get in. He sold his crop of tobacco to an independent buyer, which was only a small crop of about 600 sticks.

Mr. Wallace says that he knows three of the men who whipped him, and his wife, who begged them to stop, says she is positive that she knows one of them. It is also reported that Mr. Downs recognized one or two of them.

Mr. Wallace is now in a serious condition and has not yet given out any names, but says he will do so as soon as he is able to come to town.

This is the first time the night riders have whipped any one in this county, but in the spring they destroyed several plant beds. Mr. Wallace's house was shot into several times by the night riders, and he says that he does not know how they missed him. There are something like fifty bullet holes through his front door.

It is rumored that Mr. Wallace will implicate some men who are prominent farmers and who have been held above suspicion.

## GOOD MEETING

Twenty-Seven Additions to the Church.

Trenton, Ky., Nov. 23.—One of the most successful meetings that has ever been held here has just closed at the Baptist church. Rev. E. B. Farrar assisted the pastor, Rev. B. F. Hagan. There were twenty-seven additions to the church.

All kinds of oak lumber for sale by C. R. Adams, near Beverly.

## STOCKHOLDERS.

In Hopkinsville May Get Back Their Money.

Word has been received from Chicago by Homer Batson and Benjamin F. Washer, attorneys for the Mutual Investment Company, and Lexington debenture concern which recently went under, that Judge C. C. Kohlstaet has decided that about \$250,000 of assets belonging to the concern may be turned over to James C. Rogers, the Kentucky receiver. The Southern Mutual Investment Company, was merged into the American Reserve Bond Company, and on account of this merger there was a question as to whether the Kentucky receiver could recover the assets in question. Their recovery means an increased dividend for the stockholders at the final division.

## CLARKSVILLE CONTEST.

Christian County Will Have Representation.

An old fiddlers' contest will be held at Elder's opera house, Clarksville, Friday night next, Nov. 29, for the benefit of the relief fund of Forbes Blavauc, U. C. V. Christian county will be represented, among the list being a quartet composed of W. T. Randies, T. E. Bartley, R. J. William and Dr. Lackey.

## SHOT AT DEER.

Animal Ran In Direction of Pilot Rock.

One day last week a deer came within a hundred yards of the home of Mr. John W. Shanklin, who lives near where old Goshen church stood, one mile east of this city. Mr. Shanklin got within sixty yards of the deer and shot twice at its head. The gun was loaded with bird shot. The deer ran in the direction of the Pilot Rock and has not been seen or heard of since.—Fairview Review.

## PARKER ACQUITTED.

Accused of Causing Cremation of Trigg Countian.

Mayfield, Ky., Nov. 24.—The jury in the Ben Parker murder case returned a verdict of acquittal this morning. Parker was charged with burning his boarding house and causing the cremation of William Dole, of Trigg county.

There was nothing but circumstantial testimony introduced.

## REWARDS OF \$2,100 OFFERED

For Arrest And Conviction of Assaultants of Jno. W. Wicks.

## GOVERNOR AND JUDGE.

Six Men Beat Him at Home of William West on Nov. 11th.

Gov. Beckham has offered a reward of \$250 for the arrest and conviction of each of the unknown assaultants of John Wicks, on the night of Nov. 11, at the home of William West, near Pilot Rock. This amount has been supplemented by a further reward of \$100 in each case by County Judge Breathitt. According to the story of Wicks, there were six men in the party, making the possible amount to be recovered \$2,100. Mr. Wicks was brutally beaten and forced to leave in the night. The men were on foot and were evidently residents of the immediate vicinity. It is believed that certain clues already discovered will lead to the apprehension of the gang in the near future.

## HEARST INDICTED

Mr. Kenner is one of the best grocers in the city and his friends will be glad to learn that he has concluded to settle here instead of going to Oklahoma to go into business. Mr. Twyman has not signified what business he will engage in.

## MAN CUT IN TWAIN.

Body Found Early Monday Morning Along I. C. Track.

## WAS 23 YEARS OF AGE.

Was Employed as Laborer on James Hyland's Section.

It was a gruesome sight that met the eye of the crowd down at the I. C. station yesterday morning, a little after 7 o'clock. The body of Charlie Wilson, 23 years of age, was lying against the wall on the north end of the platform of the station. The body had been cut in twain by an I. C. train. The coroner had covered the dead man with a sheet, but occasionally some friend or acquaintance would raise it and take a look at the features of the dead man.

The small hand-car on which he had been brought to the station was standing alongside the platform, the floor of the little car covered with the dead man's blood, which continued to flow over the platform as the body was carried from the car and placed against the north end of the station awaiting investigation by a coroner's jury.

Wilson's home was on Barrow street, a narrow street running south from West Seventh street, near the city limits. He left home about 5 o'clock and told his wife he was going to take a walk down the I. C. track.

Early yesterday morning his body was found about 200 feet south of the water tank, in the yards of the I. C. road. James Hyland, boss of section No. 22, was notified and Coroner Allensworth called up. Mr. Hyland was directed to bring the remains of Wilson to the station. Hyland got his crew together and brought the man in on one of his hand cars. The coroner at once summoned a jury who rendered a judgment in accordance with the above.

The only theory as to how the man met such a horrible death is that he had attempted to jump on the south bound train as it was leaving the city and missed his footing and fell under the train. It was said by one of the men who assisted in putting Wilson on the hand-car that he was dragged about 20 feet from where he was caught under the wheels of

## NOT PLANT NEW CROP.

Green River District Farmers Follow Plan of National Meeting.

Owensboro, Ky., Nov. 21.—At an exciting meeting of the Green River District Tobacco Growers held today it was resolved not to grow any tobacco in 1908 unless all of the 1905 and 65 per cent. of the 1906 tobacco is sold by February, 1908. This resolution, which passed after an exciting controversy, was indorsed by officials of the National Tobacco Growers' Association.

## TOBACCO BARN BURNED.

Non-association Owner Loses Property.

Hardinsburg, Ky., Nov. 21.—Unknown persons to-night set fire to the large barn owned by Frank McGary, a farmer, living about 4 miles from town. The barn and its contents were destroyed. An effort was made to obtain bloodhounds here, but none was available, and the jailer of Jefferson county was requested to send dogs. None has been received here yet.

McGary was not a member of the tobacco growers' association, and it is believed that the barn was burned for this reason. It could not be learned to-night how much tobacco was in the barn or what the loss will be.

## TOOK ANYTHING HE CAME ACROSS

Detectives Spy Booty Went From Billygoat Wagon On Up.

## BROKE INTO A STORE

Will be Held by Nashville Authorities to Answer for Many Thefts.

Franklin, Ky., Nov. 24.—Sheriff W. R. Bryan recently applied to the Nashville authorities for information regarding the possibilities of securing John Winters, indicted at the recent term of the Simpson circuit court for horse stealing, he having been arrested and placed in jail at Nashville.

The chief of detectives of that city said in reply:

"I received your letter of recent date in reference to John Winters, and will say that we have so many cases against him that I am afraid you will have to wait too long to get him. He has stolen everything from a billygoat wagon up. He stole several horses and buggies, a new wagon, feed from the stables, a bull and several mules. In fact, he stole everything that he came across. He broke into a store and carried off a wagon load of goods. At the time of his arrest he had in his possession a leather saddle which was doubtless stolen in your section at the same time the mare was taken from there. If he succeeds in beating his cases here I will turn him over to you."

## A Narrow Escape.

G. W. Cloyd, a merchant of Plunk, Mo., had a narrow escape four years ago, when he ran a Jimson bur into his thumb. He says: "The doctor wanted to amputate it but I would not consent. I bought a box of Bucklen's Arnica Salve and that cured the dangerous wound." 25c at R. C. Hardwick's, druggist.

## LINCOLN FARM

Work of Beautification by Association Being Pushed.

Hodgenville, Ky., Nov. 21.—Richard Lloyd Jones, who is a promoter of the Lincoln Farm association, was in Hodgenville the first of the week and met with the committee in regard to the Lincoln statue of this place. He said to a reporter for the American that he was very much pleased with the progress that is being made by the Lincoln Farm association towards raising the necessary found to make the farm one of the most beautiful places in the United States. He says that the association has now in bank \$188,000 and that the money is at present coming in at the rate of \$2,600 per week. Workmen are now busy laying off the site where the memorial hall is to be built of Tennessee marble and the marble is arriving this week. The plans, if carried out, will make the building one of the handsomest in the United States and the millions to be spent will convert the historical old farm into one of the most beautiful spots in the world.

## Wonderful Eczema Cure.

"Our little boy had eczema for five years," writes N. A. Adams, Henrietta, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors, but no benefit resulted. By chance we read about Electric Bitters, bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicines and body building health tonic. Guaranteed at R. C. Hardwick's drug store. 50c.

## "DOLLAR WHEAT"

What It Means to the Farmer.

TRUSTS and monopolies are usually considered to be unfair, because they tend to make up rich richer and the poor poorer. Nevertheless, in some cases, the producers are directly benefited. For instance, when a big "corner" is taken in the market, grain and produce to a fabulous sum.

the farmer benefits, if he does not part with his wheat too early, and a dollar a bushel would mean, on an average, that over \$700,000,000 would be annually in the pockets of the farmers of the United States.

The operators, later, lay up all the available grain and store it in big elevators, awaiting the proper moment to unload it on the market at the lowest price.

In the same way that the earth yields food for man, so does it provide remedies for human ills. Thousands of households throughout the farming districts of the United States know the value of Doctor Pierce's Golden Medical Discovery. It is nature's most valuable and health-giving agent—made without the use of alcohol. It contains no toxic herbs and barks, and is the concentration of nature's vitality as found in the fields and woods. This remedy has a history which speaks well for it because it was given to the public by Dr. R. V. Pierce, founder of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., nearly forty years ago, and has since been sold by dealers in medicines in over increasing quantities. Some medicines, tonics or compounds, enjoy a large sale for a few years, then disappear from the public attention, but Dr. Pierce's Golden Medical Discovery has proved such a reliable blood remedy, tonic and liver regulator, that it often enjoys the confidence of several generations in a family, and its increased sales year by year coming from the recommendations of those who have tried it, prove its lasting merit, on that every bottle bears the stamp of public approval. Every other well-known liver regulator, blood-maker and tonic for the stomach that is known of contains alcohol, but Dr. Pierce's

does not contain alcohol in his "Medical Discovery." The remedy works in the natural way, by throwing out the poison from the blood and correcting the irregularities of the stomach, by promoting digestion and assimilation. The blood is cleansed and fed on proper nourishment, the nerves get rich, red blood and in consequence nervous troubles disappear, for they are often due to improper nourishment. Neuralgia is the result of the starved nerves for food. Feed the nerves on pure, rich blood and nervous symptoms will disappear. The result of indigestion and dyspepsia is that the

person's blood becomes thin and watery because it is not fed on that nourishment which it should take from the food, and the person becomes nervous and sleepless. All such persons we advise to take the "Golden Medical Discovery" three times a day.

"I was suffering from loss of appetite, pain in stomach, bad cough and headache, and was getting very thin and weak," writes Beatrice M. Elliot, of Park Hill, Ontario. "I was advised to try Dr. Pierce's Golden Medical Discovery and Pleasant Pellets." After following this advice I am happy to say my health is greatly improved.

D. W. Hillborn, of Hayville, Ontario, writes: "My little girl has been subject to bilious spells, and after trying other remedies without effect, and doctoring, we gave her Dr. Pierce's Golden Medical Discovery. She has not had an attack since taking the first bottle, and besides her system is better fortified against colds. When she takes a cold, she has not the deep, croupy cough that accompanied it at former times. Although having always been thin she is gaining in flesh now, and we consider her improvement due to the 'Golden Medical Discovery'."

DO YOU KNOW YOUR OWN SYSTEM? A complete medical book and physiology of the body, in Dr. Pierce's Common Sense Medical Adviser, which can be had for the price of postage. Is a thorough, plain book and fully illustrated, some of the pictures in color. Send to Dr. R. V. Pierce, Buffalo, N. Y., fifty cents in one-cent stamps for the cloth-bound book, or twenty-one stamps for the paper-bound volume.

# THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

## COINING GOLD.

Philadelphia Mint Will Try and Turn out \$20,000,000 Per Month.

The rush at the Philadelphia Mint to turn out \$60,000,000 in gold coin in three months is making things hum in the big establishment at Seventeenth and Spring Garden streets. The coins that are being turned out are of the double eagle denomination, and when the job shall have been finished there will be 3,000,000 more \$20 gold pieces than there were before it was started. In the vault of the mint there are already stored close to \$20,000,000 of gold that is in circulation; yet it is not. Against this \$20,000,000 the Treasury at Washington has issued gold certificates, which do the real work of the gold coin.

These certificates are to the effect that there have been deposited in the treasury of the United States \$10, \$20, \$50, or \$100 in gold, as the case may be, which the bearer of certificate may have if he wants it badly enough to present his certificate for redemption. Few certificates are so presented, for in practice they are preferred to the coin.

## DIG CANAL IN FIVE YEARS

Congressman Madden, Back From Panama, Is Enthusiastic.

\$32,000,000 ASKED FOR.

The Men In Charge Saying Little But Actually Doing Wonders.

New York, Nov. 20.—Congressman Martin B. Madden, of Chicago, just back from an inspection of the Panama Canal, is enthusiastic over what he saw, and said today: "Without a doubt the Panama Canal can be made an accomplished fact in five more years. Last month a total of 1,670,000 cubic yards of earth were excavated, and that, notwithstanding the rainy season was at its height. This speaks more than could any other statement of the progress that has been made possible and that is being continued. The men now in control are saying little, but they are performing remarkable work. The organization now in charge is one of the best. The people of the United States really cannot appreciate the great progress that has been made in recent months."

Eighteen members of the committee on appropriations of the National House of Representatives, who have been on a tour of inspection of the Panama Canal zone, also returned today. Chairman Tawney of the commission said he believed that the appropriation for the coming year will be at least \$10,000,000 less than the \$32,000,000 asked for by the estimate.

"Generally debilitated for years. Had sick headaches, lacked ambition, was worn out and all run down. Burdock Blood Bitters made me a well woman,"—MRS. CHAS. FLETCHER, Moosup, Conn.

MORRIS-GOODWIN.

Bethel Girl's Marriage at Cerulean Springs.

Miss Irma Grace Goodwin and Mr. N. B. Morris, of Fulton, Ky., were married Thursday, Nov. 14, at the home of the bride's father, Mr. R. K. Goodwin. Rev. W. G. Eldred, of Princeton, performed the ceremony.

The reception hall and parlor were appropriately decorated in white and lighted by many candles. Quantities of white chrysanthemums were used throughout the house. Just before the ceremony Mrs. J. G. White sang "Love Me, and The World is Mine," which was followed by Mendelssohn's Wedding March, played by Miss Anna White, of Cadiz, says the Record.

Promptly at 7:30 o'clock the two ribbon bearers, Misses Mary Jo Wallace and Marjorie Ladd, entered the room with white satin ribbon, forming the aisle through which came the bridal party. They were followed by the groomsmen, Messrs. Urey and Archie Goodwin, brothers of the bride. Next came the bride's two sisters, Misses Docia and Alva Goodwin. Immediately preceding the bride, who entered with the groom, came little Miss Lucy May Covington, of Mayfield scattering roses.

Miss Goodwin is the oldest daughter of Mr. and Mrs. R. K. Goodwin. Her sweet and clever disposition adds greatly to her beauty and popularity. She is a typical Kentucky beauty, being possessed with both charms and accomplishments. Mr. Morris, the groom, is a prominent and successful business man, of Fulton, Ky.

Miss Goodwin was educated at Bethel Female College.

The Mausetania failed to lower  
the record of the Louisiana in cross-  
ing the ocean.

Harry Tandy's attorneys are clam-  
oring for a speedy trial. There are  
indications that Jerome will ask for  
another postponement on Dec. 2.

A new paper, called the Simpson  
County News, has been started at  
Franklin by J. S. Lewis. It will be  
issued semi-weekly at the low price  
of \$1.00.

The Kentucky Press Association  
will hold its midwinter meeting in  
Louisville Dec. 27, with the Seelbach  
as its headquarters. Editor T. C.  
Underwood, of this city, is chairman  
of the committee to arrange the  
program.

### HARRY TANDY

Has Recovered And is Again  
at Work.

Harry Tandy, accompanied by  
Mrs. Tandy, was at the Seelbach last  
night on his way from Paducah to  
Franklin, where Mr. Tandy will re-  
sume his duties in the office of the  
superintendent of public instruction  
after an absence of more than a year.

Mr. Tandy has been so ill that a  
number of times his friends and  
physicians abandoned all hope of his  
recovery.

Many of these friends saw him at  
the hotel last night and were sur-  
prised and gratified at his appear-  
ance of renewed health.—Courier-  
Journal.

### SECTION HAND

Sues Railroad Company for  
Alleged Injuries.

Louis Turnley has filed suit against  
the I. C. railroad company for \$1,000  
damages. Turnley is a negro section  
hand and was on the train, en-  
route to a point near Cerulean to go  
to work on the track, when the  
train ran into an engine at Gracery  
one morning in October last. He  
alleges that his right shoulder  
was injured, he believes permanently,  
by the jerk given him at the time  
of the accident.

### Pembroke Was Easy.

The second H. S. football team  
went to Pembroke Saturday and, in  
a sea of mud, overwhelmed the Pem-  
broke High School team by the score  
of 42 to 0. The Pembroke team, al-  
though heavier by ten pounds, was  
completely outclassed by the Hop-  
kinsville eleven. They could neither  
stop the line backs of Rudd nor  
get through the interference on en-  
druns. But for the referee the score  
would doubtless have been much  
larger. The Hopkinsville team lined  
up as follows: I. e. Petrie, I. T. Mil-  
ler, L. g. Soyars, c. Danforth, r. g.  
Waynes, r. t. Pursley, r. e. Wallace  
and Green, g. b. Smith (Capt.), L. b.

### FIELD TRIAL

Of Kentucky Club Was a  
Big Success.

Harry Ware, of near this city, at-  
tended the first field trial of the  
Kentucky Club at La Center, about  
fourteen miles from Paducah, last  
week. He carried one of his fine dogs  
with him and took third prize. He  
reports that the meeting was a big  
success in every particular. Some  
of the finest bird dogs in the world  
were there. Thomas Johnson, of  
Winnipeg, Canada, was present with  
a dog so valuable that it would take  
several thousand dollars to purchase  
him. Mr. Wall, a dog fancier of  
New York City, and who has several  
of the finest hunting dogs in this  
country, was also present.

The club during the first year of  
its existence has made an unusually  
fine start and the permanency of the  
club is assured. Plans were adopted  
looking to such changes in the game  
laws of Kentucky by the next legis-  
lature as will afford better protec-  
tion to game. One of them is to  
limit the number of birds to be  
killed in one day to ten. It is in-  
tended also to give more power to  
game wardens and supply them with  
funds to rigidly enforce the observa-  
ance of game laws.

### Willson's Ambition.

A dispatch to the Philadelphia  
Record from Washington says that  
to be known as the Hughes of the  
South is said to be the ambition of  
Augustus E. Willson, the newly  
elected governor of Kentucky. This  
significant information leaked out  
in connection with the arrival in  
Washington of Governor-elect Will-  
son, who went to have a conference  
with President Roosevelt at the lat-  
est of his invitation. It is believed.  
Governor-elect Willson's friends say  
that he has taken Gov. Hughes, of New  
York, for his model, and means to  
devote himself exclusively to the  
duties of his new position, neither  
mixing up in the scramble for Fed-  
eral patronage nor for delegates to  
the Republican national convention  
in 1908. However, no matter what  
the course of the new governor may  
be the state can be counted on to  
give its electoral vote to the candi-  
date of the Democratic party next  
year. Ever Willson should not de-  
ceive himself in the belief that the  
political lightning will strike twice  
in the same place for his party in  
this state. There is a large Demo-  
cratic majority here and by the eter-  
nal it will assert itself next year.—  
Kentucky State Journal.

### REFUSES TO WORK

And Now He Has a Fresh  
Charge to Answer.

Oliver Ford, a mean negro vagrant,  
has been trying to escape from the  
workhouse gang for several days,  
and yesterday morning attempted to  
wear two coats when he went out  
to work at the bridge fill. The  
keeper, E. C. Outlaw, made him  
take off one coat, believing he was  
going to try a dash for liberty. Af-  
ter reaching the works he refused to  
work and attempted to grapple with  
Outlaw. Officer McCord, who was  
on duty, happened by at an opportu-  
nity and assisted in subjugating  
the turbulent prisoner after a  
fight and a display of his pistol.  
The negro was brought in on a  
fresh charge of breach of the peace.

### Judge Guffy's Condition.

Morgantown, Ky., Nov. 23.—  
Judge B. L. D. Guffy is still in a  
dangerous condition from injuries  
sustained from a fall, but his friends  
are not without hope of his recovery.

## ARRESTED BAD MAN.

Officer Claxton Has Desper-  
ate Fight With a Negro.

Policeman Joe Claxton had a des-  
perate encounter with a negro named  
Cal. Yancey near the L. & N.  
depot Saturday afternoon. A negro  
came to the officer and made com-  
plaint that Yancey had drawn a pis-  
tol on him in a saloon. Claxton went  
to the door of the saloon and ordered  
Yancey to come out, which he did  
muttering defiance. Once out he  
drew a 41 derringfer from his coat  
pocket and cocking it told the officer  
he would shoot him before he would  
be arrested. Claxton ordered him to  
drop the pistol and when he did not  
do so struck him with his billet,  
grabbing his wrist. After two or  
three blows he finally knocked him  
down before he could get the pistol  
in range to shoot and secured the  
pistol. Yancey was landed in the  
lock-up.

Yancey was tried yesterday and  
given 100 days. \$27.50 for carrying  
a pistol and \$62.50 for breach of  
the peace and drawing a weapon.  
He will spend the winter working  
for the city.

### DIDN'T WANT SCRIP.

And Was Handed Over 60 lbs  
in Silver.

Chicago.—A dispatch from Mil-  
waukee, Wis., says:

Troubles of wealth weighed heavily  
on the hands of Peter Calahan, of  
Chicago, yesterday because he did  
not want Milwaukee bank certifi-  
cates. Mr. Calahan came to visit  
one of the Milwaukee banking in-  
stitutions where his personal note for  
\$25 was due.

"Take the change out of that,"  
commanded Mr. Calahan, handing  
out a \$1,000 bill.

He refused scrip. Finally Mr. Cal-  
ahan visited an attorney, who effected  
an agreement whereby he was  
paid in cash. The cash was counted  
out. It consisted of 974 silver dol-  
lars and some small change weigh-  
ing sixty pounds.

### CUTICURA REMEDIES IN ALL PARTS OF PARISH

"My wife was taken badly with eczema  
for three years, and she employed  
a doctor with no effect at all until  
she employed Cuticura Soap and  
Ointment. One of her hands and  
her left eye were so badly affected,  
and when she would stop using  
Cuticura Soap and Ointment the  
eczema came back, but very slightly;  
but it did her a sight of good. Then we  
consulted with the instructions in using  
the entire Cuticura Remedies and  
my wife is entirely recovered. She  
thanks Cuticura very much, and  
recommends it highly in her locality  
and in every nook and corner of our  
parish. God bless you for your  
suffering humanity." J. M. Holzer, Hy-  
dropolis, La., Jan. 8 and Sept. 1, 1906.

"Some time ago I suffered terribly  
with eczema, and I had the best medi-  
cal attendance, but the more medicine  
I took the worse it seemed to get. I  
kept on with medicine for about five  
weeks until I saw the Cuticura Rem-  
edies advertised, and I at once pur-  
chased the Cuticura Soap, Ointment,  
and Cuticura Remedies, but had not  
the slightest hope of their  
curing me. After I had used the first  
set of the Cuticura Remedies I saw the  
improvement, and in just six weeks my  
skin was as smooth as ever. I advise  
any one suffering from this terrible  
disease to use the Cuticura Remedies.

Members of the Democratic National

before an informal meeting of the  
committee at French Lick Springs,  
Ind. A formal decision will be made  
in December, when the committee  
will meet in Washington. Denver  
offered \$100,000 in gold.

### Fish's Fight.

Answers and bills of exception  
were filed by the many diversified  
interests involved in the injunction  
proceedings instituted by Stuyvesant  
Fish in his fight for control of the  
Illinois Central Railroad. Mr. Fish  
is accused of having formerly voted  
the stock that he now seeks to have  
tied up and with running the road  
for his own personal advancement  
and without the sanction of the di-  
rectors.

### New Word, Old Disease.

Literature is enriched by a new  
word. It is "sterosky." It is ap-  
plied to the disease of chronic reter-  
ation. When a person says the same  
thing over and over, that person has  
sterosky. Though a new word, the  
disease is very old.

### Fuel from Sawdust.

Sawdust is turned into transport-

is pressed into bricks.

### Other Put Up Fight.

A young man named Tom Barker  
was boasting on the Eden at Kirby  
Stephen, Eng. recently, when he saw  
an other in the water and struck at  
it with his car. The other jumped in  
to the boat and attacked him, but  
Barker, after a severe tussle, killed it.  
The other was a female and its  
family was nesting in the neighbor-

## ROCK BRIDGE YIELDS TO DYNAMITE

The Mutations of Time and the War of the  
Elements Could Not Phase It.

A Bridge Where Lovers Made Their Trysting  
Place, The Lone Sentinel Trod and  
Two Generations Passed.

Out of a population of between 13,000 and 14,000 people probably not more than 200 or 300 can be found who remember when the North Main street stone bridge was built.

It was in 1858 that the county court awarded the contract to build a double arch stone bridge to take the place of the wooden one that had done service for a quarter of a century or more. One William Hyde, a stone mason of reputation, was chosen to do the work at a salary figure. A. D. Rodgers was county judge. Judge Rodgers was an ideal county judge. Every interest of the county was carefully guarded by him and when work was done it was as if it were for himself. He was not considered a great lawyer but everybody had the utmost confidence in his integrity and sound judgment. Graft was unknown in those days and when contractor Hyde completed his undertaking the county had a piece of work that would easily have lasted several hundred years.

But Mr. Hyde was about bankrupted by a flood which came and swept away what little profit might have been realized.

One morning shortly after daylight the news spread over town that "The Rock Bridge," which name it bore up to the time of its demolition to make room for the broader structure of stone and iron soon to be completed, had been washed away! Of course no one believed that the flood, which had come during the silent hours of the night, could carry away a stone

pense of tearing it away and constructing a larger, if not better. But we ought to praise the bridge that has safely "carried over" so many hundreds of thousands.

Armies of Southern and Northern soldiers have marched in solid columns over it; funeral corteges half a century; many of the industrious people of Pond River have never seen anything larger or grander across it have they come and gone since childhood; sweet tales of love have been whispered while love-sick swains were seated on its parapets at night (before the introduction of arc lights); for fifty long weary years everybody on this side of the river that has "shuffled off this mortal coil" and gone to join the silent majority has been carried over it; Often during the war's dark days did the lone sentry of the Blue and the Gray stand at your portals while guarding an army within the lines; you have heard the tramp, tramp, of the relief guard, and many hundreds of times has the shoulder-strapped officer, whose sweetheart was waiting for him on the other side of the river, thanked you for his easy passage over the stream that you spanned; across it was marched the fearless Brewer and his his doomed comrade when a volley of musketry was poured into their bared breasts; across it did three of his wounded men rush for safety just before daylight the morning when Woodward, who feared neither man nor devil, recklessly lost his life at Ninth and Main streets. Grand old "Rock Bridge!" You laughed at the ravages of time and flood for fifty years, and nothing harmed you. Like Caleb of old, you were as strong at your last day as when you began to serve man. You braved all, stood all, until one day a man put a charge of dynamite under you and—up you went! You are gone forever, but we love your memory! Your lovely picture can be seen in the North and the South—almost everywhere. Many with artistic tastes have praised your beauty and your sun-shadow can be seen across the seas. You are gone, but it will be more than half a century more before you are forgotten by the little ones of today.

MAIN STREET.

(Of course persons of strong local

attachments hate to give up an old land-mark like the famous old "Rock Bridge." It served its days and purpose but was entirely inadequate to meet the wants of a city of the size of Hopkinsville. It sat cat-cornered across the stream, was not near wide enough and was unsafe for footmen. It was cheaper to get it out of the way and build a new one than to widen it. The people on the North side of the river wanted and demanded a wider, better bridge and the city councilmen thought the time had arrived to give it to them. Its completion will be pushed as rapidly as possible.)

**LEMONS ARE MEDICINE,**  
Therefore It's No Harm to  
Sell Them on Sunday.

Jefferson City, Mo., Nov. 21.—That a lemon is a medicine was officially determined by the supreme court today. The decision came in an opinion by Judge Fox reversing the judgment of the Barry county circuit court against James Campbell and discharging Campbell who was convicted of selling lemons on Sunday.

**WORD ON ALL SIGNS**  
Of Corporations, Declares the  
Court of Appeals.

Frankfort, Ky., Nov. 22.—The court of appeals affirmed the consolidated cases of the Commonwealth vs. Remington Typewriter Company, Windisch-Mulhauser Brewing Company, Lexington Brewing and Singer Sewing Machine Company. The appeals were proceeded against for violation of Section 576 under Section 11 of the code for failing to put the word "incorporated" on signs. The court holds that the act is constitutional but decides that the prosecution must take place in the county in which the home office of the corporation is situated or the agent is located.

**Found Dead.**

Walker P. Raman, one of the most prominent and wealthy men in Georgia, was found dead in his bed at Atlanta.

While the combination of capital in all lines of industrial enterprises during the past few years, has made it almost impossible for a man with a limited amount of money to engage in the mercantile or manufacturing business and successfully cope with the large corporations, the same rule applies to the theatrical business. At the present time nearly all of the first class attractions are controlled by a company or an individual, who has practically unlimited resources and from ten to twenty companies on tour, and they are solid financially to quote a well known insurance company, as "The Rock of Gibraltar."

"My Wife's Family," which appears at Holland's opera house Thursday night, Nov. 28, is owned by the Whitney Amusement company, a corporation, which not only controls a large number of theatrical attractions, but is also interested in many theatres throughout the United States and Canada. Their business is conducted on the same legitimate principles as a bank and they realize that in order to get the patronage of the people to whom they cater, it is necessary to deliver the goods, consequently the standard of the companies under this management is maintained to such a degree of excellence that they play annual engagements in all of the principal cities to large receipts each year.

**Attraction No. 4.**

Maro, the Wonder, will fill attraction No. 4 at union tabernacle next Saturday night. A long time ago a slight-of-hand performer used to explain what they could do that was spelled something like this "predestigiteatur." Maro is more than that; he is a regular troupe of philippontrasmamento. If you don't believe that he is a whole show by himself go and see him Saturday night. His program embraces music, mirth and mystery, with a little art thrown in for good count.

## MEETS NEXT YEAR AT HENDERSON

That City Gets State Development Convention in 1908.

### BRADLEY'S BANQUET

Geo. H. Cox, Secretary of Owensboro B. M. A. Put on the Board.

Louisville, Ky., Nov. 25.—J. W. Porter, of Fayette county, was elected president of the Kentucky State Development association at the final session of the sixth annual convention of the association, held Thursday afternoon at the Galt House. The other officers of the association elected were as follows: First president—Frank M. Fisher, McCracken county. Second vice president—R. C. Ford, Bell county.

Geo. H. Cox, of Owensboro, is a member of the State executive committee from the Second district. Henderson was selected as the next place of meeting. Owensboro and Paducah also extended invitations.

Former Gov. Bradley made the most notable speech at the Banquet. Gen. Duke was Toastmaster.

### Tells of Love for State.

"I yield to no man in my love for Kentucky," affirmed Gov. Bradley, in response to the toast, "Law and Order." "With all her faults I love her still, and with her stills I love her faults. However, there are some of her faults we must band ourselves together to redeem. We want no peaceful armies with buggy whips and clubs marching through the land. We want every man to have the right to vote unquestioned and to have that vote honestly counted.

"Can we expect a farmer to come to Kentucky and buy land when he is to be told what he may plant, when he may plant it and when he may harvest it—or not harvest it at all—if it suits some one else. There are conditions in some parts of the State that must be remedied before we can proclaim to the world that Kentucky is—as she really is—the most glorious of the sisterhood of Commonwealths."

"Law and order are the main-springs of progress and prosperity. I love Kentucky beyond the Republican party, beyond anything else in the world. Let us then enforce the laws we have, let us repeal the bad ones and make new which we can respect and observe and make the whole United States proud of Kentucky."

### CERTAIN RESULTS

Many a Hopkinsville Citizen  
Knows How Sure They  
Are.

Nothing uncertain about Doan's Kidney Pills in Hopkinsville. There is plenty of positive proof of this. Such evidence should convince the most skeptical sufferer. Read the following statement:

L. R. Woolfolk, 427 South Main Street, Madisonville, Ky., says: "I highly recommend Doan's Kidney Pills as being a reliable remedy for the kidneys. I have tested them thoroughly during the past two years and they do exactly what is claimed for them. I have had severe attacks of backache during the past two years. Often when I sat down and went to get up, sharp twinges of pain caught me in the back. I also suffered in the morning so it was almost impossible for me to stoop over to put my shoes on. When these attacks were at their height, I was induced to try Doan's Kidney Pills through reading the statements of parties here in town. They gave me relief from the first and soon cured the attacks. Since then, whenever I feel any symptoms of a recurrence, I resort to the use of Doan's Kidney Pills and they have never failed to ward off the trouble. When away on my trips, I carry a box with me, and I take a few doses now and then to keep the kidneys in good condition. Doan's Kidney Pills is the best Kidney remedy I ever used, and I cheerfully give them my endorsement."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

## FOURTEEN DIE, SCORES HURT.

Gridiron Season Claims as Many Victims as Previous Years, Except 1905.

## PLAY MORE CONTESTS

Total List of Fatalities and Injuries Expected to Be Increased.

Football has claimed its annual toll of victims says the Chicago Record-Herald.

Fourteen dead youths and children, scores of permanently maimed and disabled players and the thousands of parents who have been the real sufferers in the "scrimmages" and "downs" have paid the yearly tribute to the game.

"Debutantized" football, declared a sport even for children, has listed as many victims in the forty-two days of the present season as any preceding year, save 1905, when public outcry arose against the "sport" that had killed twenty-four and injured 200 players.

The season has not yet closed. In the East many of the universities have not finished their season. In the West, although the college championship was decided, scores of high school and amateur games still remain to be played. From these the present total of injuries and possibly of deaths will be increased.

### Death List May Grow.

The death list of 1907 cannot be computed until a month or more after the season has ended. Internal injuries, partial paralysis and other causes have always added a gloomy chapter to the football post-season. Concussion of the brain and fracture of skulls disabled six of the victims now listed only in the injured column.

Spinal injuries not now deemed serious ended the football career of others. Not for many years may the final tabulation be made on 1907 football victims.

The revised rules of the game have not fulfilled the hopes of their framers. While the deadly mass plays have been eliminated they have been succeeded by evolutions in which the speed and combination plays have proved almost as hazardous to the antagonists.

### 1907—Up to Date.

Total deaths	14
Total injuries	192
College players killed	2
College players injured	16
High school players killed	4
High school players injured	12
Athletic club members injured	10

### Principal Injuries.

Broken legs	14
Broken collar bones	18
Broken arms	6
Broken jaws	3
Broken noses	8
Concussion of brain	6
Torn ligaments	4
Dislocated shoulders	13
Broken skulls	2

### Eight Year Record.

Year	Deaths	Injured
1901	7	74
1902	15	106
1903	14	89
1904	14	298
1905	24	200
1906	14	160
1907	14	152

\*Incomplete.

The average injured daily since the beginning of the football season on Oct. 12 was 4. Many players were maimed for life.

### Father of 21 Children.

Prince Robert Charles Louise Marie de Bourbon, Infanta of Spain and Duke of Parma died of heart disease recently near Reggio. Prince Robert was born in 1848, was deprived of his succession to the throne by Duchy Parmalat in 1860, at the age of 12 years, when the Duchy incorporated with the kingdom of Italy.

The Prince was twice married, first to Maria Rai, princess of Bourbon, Sicily, and the second to Marie Antonia, Infanta of Portugal. He was the father of 21 children and leaves a fortune of \$40,000,000.

## MAN CUT IN TWAIN

(Continued from First Page)

the train, as the rail and the ends of ties were covered with blood. The remains lay on the track from 6:25 Sunday evening until found yesterday morning.

In a talk with the section foreman Hyland, he said that Wilson had been working under dim for eight months. He was not addicted to drinking to excess and was an industrious and reliable man.

From what the section foreman says about Wilson's habits, even the jury's investigation showing that his left arm was broken and finding a bad cut over his left eye, there is no basis for a theory that the man met his death in any way other than the one indicated.

## ANNUAL REUNION.

McComb Family Here to Observe Usual Custom.

Mrs. Dr. Richardson and her brother, John McComb, of Louisville, arrived in the city last Friday and are the guests of Mr. and Mrs. C. F. Jarrett, of East Seventh street.

This is the season for the annual reunion of the children of Jesse McComb, who died in 1862. Ever since the war this custom has been kept up. There has not been a death in the family since the father died, but the children are growing old now, the youngest being 62 years of age and the oldest 71. The surviving members of the family are Mrs. Richardson, Mrs. Jarrett and Messrs. John, Dudley, Lyman and Walter.

All of them live in Kentucky excepting the youngest, Walter, whose home is in Nashville. Heretofore it has been possible for all of them to attend the gatherings, which last for a week or more, but owing to business affairs it was impossible for Messrs. Dudley and Walter to be here this year.

## BODY EXHUMED

And Taken to Henderson For Re-interment.

The body of Miss Luella E. Boone, who died at the Western Asylum July 15, was exhumed Sunday morning and taken to her former home in Henderson, where it was re-interred. Her death was due to consumption. She was 34 years old and had been in the institution only one month.

## PECULIAR WEDDING.

Questions Put and Answered On Typewriter.

Minneapolis, Minn., Nov. 22.—Figuring out their marriage vows on the keyboard of the typewriter, Carrie Lemke, of Conda, N. D., and Chris D. Anderson, of Willow City, N. D., both deaf and dumb, were yesterday made husband and wife in what was probably the most unique marriage ceremony ever performed in Minnesota. The service took place in the Minneapolis court house and was performed by W. E. Bates, Court Commissioner.

Mr. Bates placed a large sheet of paper in his typewriter, wrote the first question and asked the groom to read it and write the answer. Then he wrote the questions of the bride and had her read them and write the answers.

## HUNG JURY

In \$100,000 Damage Suit of the Fulton Preacher.

Paducah, Ky., Nov. 21.—After deliberating sixteen hours, the Federal jury in the \$100,000 damage suit of the Rev. F. W. Hawley against W. W. Meadows and others for horse-whipping him, disagreed and were discharged this morning. Judge Evans charged strongly in favor of the plaintiff.

## Young Quits French.

Will A. Young, who has been representing Fulton French, in his trial at Beattyville on a charge of murdering Dr. B. D. Cox, retired from the case and left Beattyville without any reason being made public. Nine witnesses were heard Saturday.

## OFFICIAL VOTE IN AT LAST

Republican Candidate For Governor Led All Others by About 7,000.

MAJORITY OF 18,000.

Judge Hager the Worst Beaten Democrat That Ever Made This Race.

Frankfort, Ky., Nov. 25.—With full official returns from every county in the State, the majority received by Augustus E. Wilson for governor of Kentucky at the recent election was 18,063 over Judge Hager. The returns show that Mr. Wilson led his ticket by about 7,000, and Judge Hager received about 7,000 votes more than the balance of the ticket.

Judge Hager, too, was defeated by the largest majority of any of the Democratic candidates, John K. Hendrick losing for attorney general by the minimum majority against him, Judge Breathitt's majority only reaching 12,207 votes.

The official vote as cast, shown by the completed tabulation today, is as follows:

### FOR GOVERNOR.

Wilson, Rep.	214,481
Hager, Dem.	196,428

Wilson's majority.....18,063

Vote in 1903—For the sake of comparison the vote in the gubernatorial contest in the state in 1903 is given:

Beckham, XDem.	229,014
Belknap, Rep.	202,764

The vote for the minor candidates, as shown by the returns today was:

### DEPUTY GOVERNOR.

Cox, Rep.	208,428
Trimble, Dem.	193,407

Cox's majority.....15,025

### ATTORNEY GENERAL.

Breathitt, Rep.	206,867
Hendrick, Dem.	194,668

Breathitt's majority.....12,209

### AUDITOR.

James, Rep.	206,920
Bosworth, Dem.	193,839

James' majority.....13,081

### TREASURER.

Farley, Rep.	206,811
Laffoon, Dem.	193,510

Farley's majority.....13,301

### SECRETARY OF STATE.

Bruner, Rep.	207,660
Vreel, Dem.	193,540

Bruner's majority.....14,120

In the other races, the vote of the Democratic candidates and the Republicans ran practically the same as above.

## THE REVIVAL

At Cumberland Church by Rev. J. L. Hudgins.

The evangelistic services which have been in progress for more than a week are growing in interest and each night's service is largely attended. The preaching of Evangelist Hudgins at every service claims the closest attention of his hearers. The attendance last Sunday night was the largest, but doubtless full houses will attest the popularity of the preacher with our people. Services every night at 7 and afternoon at 2:30. Prayer services were held at many homes of the membership Sunday afternoon.

## THANKSGIVING

Services Will Be Held at Methodist Church.

Union Thanksgiving services will be held at the Methodist church Thursday morning, beginning at the usual hour. The pastor of the Ninth Street Presbyterian church will preach.

## TELEPHONE CASE.

Federal Court Assumes Jurisdiction at Paducah.

Paducah, Ky., Nov. 22.—Judge Walter Evans, in the Federal court, decided that his court had jurisdiction in the ouster suit of the city of Paducah against the East Tennessee Telephone Company, and ruled that the city file its pleadings within thirty days. The city claims that the telephone company has no franchise and refuses to buy one, and is suing to exclude the company from the city. Judge Evans a few months ago granted a temporary injunction restraining the city from interfering with the operation of the telephone company.

## Brewer's Contest.

Elkton, Ky., Nov. 23.—W. B. Brewer, Democratic nominee for Representative from Todd county, who was defeated on the face of the returns November 5 by W. L. Kimbrough, Republican, by a majority of thirty votes, today served notice of contest. The petition alleges, among other things, the failure of the officers of election to be sworn in, failure to open polls on time, and that a number of alleged Republican votes were cast in several precincts.

## BIG BAPTIZING

Follows The Colored Baptist Revival Sunday.

There was another baptizing at the foot of First street, in what is known as the "mill pond" Sunday at 11:30 o'clock, following the revival at the colored Baptist church. Rev. E. Williams, the pastor, assisted by Rev. James Allensworth, baptized 97 converts with a degree of rapidity that broke all records in this part of the state. The candidates were formed in lines making two sides of a square and each minister immersed from three to five a minute. As fast as the ceremony was concluded, those baptized were escorted to the bank by other assistants and sent to their homes. The baptizing was witnessed by probably 2,000 people who lined both banks of the river, a large proportion of them being white people. Good order and decorum characterized the occasion. This is the second baptizing this month. About 40 were baptized two weeks ago.
